

Full Name	Callum Roper
Year of Study	3
What has been worked on in the past month?	In the last month a number of students have had issue and concerns about the coming weeks leading up to Christmas and how it will impact you. I have been passing on your concerns where necessary and signposting you to the places you can get more support where needed.
Successes from the past month and any Reps Wins	I have been involved in a number of schemes that are helping us utilise our time during lockdown, put out a number of tips for feel good Friday and also contributed to a number of videos that the SU is putting out in collaboration with the welfare network. I also have been spreading the word for the support available to students online and on student radio stations.
Plans for next month	In the next month my priority will be ensure the Christmas transition and subsequent return in January are as clear a process as possible for you all. As always my DMs and emails are open to any issues you have and I will do my best to help out. There will also be some great content from the SU over Christmas that I am contributing to so look out for that!
