| Name: | Cassie Coakley |
| Position: | President |
| Report Date: | 02/01/2020 – December Report |

| Manifesto Point | Updates | |
|--|--|---|
| To support the CEO to write and have in place by June 2020 the new University Of Lincoln Student Union Strategy 2020-2024 | <p>Progress this month:</p> <p>Plans for next month:</p> | <p>In regards to the new strategy writing this month, myself, the CEO and deputy CEO have spent the majority of the month actually travelling to other institutions including one of the University's partnered universities. From these travels, we are gathering as much information as possible to bring back to our Students' Union to implement into the strategy. From travelling this month, we have identified key elements which could enhance our Student Voice, student wellbeing and student accommodation concerns.</p> <p>Plans for next month include working with WONKHE on gathering information on other European institutions and creating ways in which student voice and feedback determine elements of the new strategy.</p> |
| To lead and support on 3 campus wide campaigns with 60% of students being aware of all 3 campaigns as measured in the new 'Member Insight Package' | <p>Progress this month:</p> <p>Plans for next month:</p> | <p>This month for the campus wide campaigns, myself and the team have been creating events for our yearlong 'loneliness campaign' where we allocated a simple but very effective Christmas film night at the Swan. This was an incredible dry event to host where we saw just over 30 students gather. We also created our 'mean girls – candy cane' giveaway as a part of this campaign. December sees the most people lonely due to the festive period so that's why we focused especially on this campaign including putting on our yearly London Trip on boxing day.</p> <p>The plans for next month is to start plans on our Environmental campaign where we will be using our students' comments and suggestions from the previous workshop. This may include looking at zero plastic shops, trips and looking at our carbon emissions.</p> |
| To continue to work and lead on facilitating student discussions regarding the disaffiliation of the SU | <p>Progress this month:</p> <p>Plans for next month:</p> | <p>This manifesto point has now been completed with the Students' Union now not affiliated with the NUS, however, we can still work in partnership with them. From the NUS referendum outcome, we held student drop ins to talk about the outcome and to give suggestions on how the referendum can be done next time if one is needed. We had several students attend who all came with great ideas and suggestions which we will be</p> |

|---|---|--|
| <p>from NUS, as agreed by the ULSU Board of Trustees</p> | | <p>implementing where needed. I want to say a personal thank you to all who attended these. For next month we will now be concentrating on relationships with other organisations who will be representing us and talking to students about where the financials will be going from the money saved.</p> |
| <p>To create a Sports Performance pathway in partnership with 'Sport Lincoln' stakeholders</p> | <p>Progress this month: Plans for next month:</p> | <p>This manifesto point has already been completed a few months back. The Plan for next month is the same as this month, keeping an eye out on how the sessions are going and promoting the sessions with the VPA.</p> |
