

---

<b>Full Name</b>	Angela Harwood
<b>Year of Study</b>	2
<b>What has been worked on in the past month?</b>	During the last month we've worked on welcome week and introducing year 1 students to the school as well as assigning people to the mentoring scheme. We've also worked on how we can better communicate with students such as creating a FAQ for students regarding online teaching, as well as creating an excel sheet which breaks down for all modules how teaching will take place both online and f2f.
<b>Successes from the past month and any Reps Wins</b>	Successes from the last month was doing a successful welcome week for year one students with an interactive quiz and several talks about the rep system. As well as think I think myself and staff have done a good job of helping students with any concerns and queries about online learning and making new plans to help answer any students concerns.
<b>Plans for next month</b>	Our plans for next month is to release the excel sheet to students. We're also hoping to develop new ideas as to how we can help students feel more at ease with online learning and attending f2f sessions by communicating with students more and changing things within the school that we are in control of as requested by students through recent student feedback. We're also looking forward to introducing the new reps to the school and working with them to develop new ideas for this academic year.
