
Full Name	Millicent Horne
Year of Study	3
What has been worked on in the past month?	In the past month my committee and I have been working to set up 'Neighbourhood Bubbles', a community-based project which will aim to have a series of online group chats for each area in Lincoln. The idea is that these chats will be a positive space for students to build friendships and community in their local area in the hopes that knowing who lives around them will help them to feel safer in their area. The hope is that this project will continue on for years to come! We have also had the pleasure of working with The Feminist Society on their own campaign to raise awareness for the current Polish Abortion laws, and meeting with UniBoob to discuss future campaigns.
Successes from the past month and any Reps Wins	Successes from the past month have included our committee meeting more than intended to discuss a new initiative to lobby the council to join us in our streetlights campaign.
Plans for next month	In the next month we hope to have Neighbourhood Bubbles fully set up and ready to go and be planning for awareness campaigns and the streetlights campaign.
