

Full Name	Daniel Fitzer
Year of Study	2
What has been worked on in the past month?	This past month has been my 1st month in the role as accountancy, finance and economics school rep. I attended the online meeting and listened as the requirements for the role were given and learnt what I had to do and the protocol around it. Completed all the online training after reading through the various PowerPoints, passing every test first try. After this was completed, I was provided with the email which I have logged into. I've also looked through the documents with key university staff and committees. There was also supposed to be an academic board meeting that I was to attend, however it got cancelled.
Successes from the past month and any Reps Wins	As my time as school rep has only just started and the academic year hasn't begun this month has mainly been about learning and getting to grips with the requirements for the role. I do feel like I understand the requirements of the role and what I hope to achieve
Plans for next month	In the next month I plan on contacting any course reps if there are any and introducing myself
