What has been worked on in the past month?	I have been working on communication over the past month. I have set up a teams channel that the reps have access and started with an introduction post so that they can introduce themselves to each other. I have also spoken to members of staff about the upcoming return to campus as well as the leaving of.
Successes from the past month and any Reps Wins	We made it to the end of term. I know it's small, but although it's been a small one, it's felt long and had many challenges for us all.
Plans for next month	My plans over Christmas is to take a step back a little and relax. After Christmas I will go back into full swing and work on more things.
