<b>Year of Study</b>	2
<b>What has been worked on in the past month?</b>	Over the last month I have been working hard with my committee and Lucy to put together our plan for the coming year and how we can still deliver the programme I was elected on in the current climate. I am particularly excited to be able to be working on the Housing Accreditation scheme that has recently been announced with a view to implementing it in September - do please get in touch if you have any questions about the scheme. I am also excited to be a part of the new wellbeing network; this will provide a great opportunity for issues of community and wellbeing to be given a priority and a focus so we can represent students' even more effectively in those matters.
<b>Successes from the past month and any Reps Wins</b>	I am pleased to be able to have had my inaugural community committee this month - in that we have put together a real cohesive plan as to how we are going to represent you this year, if you want to get involved in the committee do get in touch as we have vacancies and a committee that's going to do great things this year.
<b>Plans for next month</b>	Over the next month I will be working on shaping the housing accreditation scheme through the feedback that you have given me, Lucy and my committee. I will also be looking at what we can be doing over the summer to make moving-in in October a smooth process from a community perspective.
