

---

<b>Full Name</b>	Danielle Eleanor Threlfall
<b>Year of Study</b>	3
<b>What has been worked on in the past month?</b>	With the recent events, this past month has proven difficult, especially with the transition to distance learning. However, the School of Computer Science has tried to respond efficiently and effectively in order to inform students of what has and will happen.
<b>Successes from the past month and any Reps Wins</b>	The School of Computer Science has responded timely, informing students and staff of what has and will happen. Students have responded positively to the new processes that have been put in place.
<b>Plans for next month</b>	To continue to support the students through this difficult time, by offering Q&A sessions and by being available to respond when needed.
