
Full Name	Gabriela Clarke
------------------	-----------------

Year of Study	3
----------------------	---

What has been worked on in the past month?	<p>This month I have been creating my KPIs ready for the next academic year and I was able to outline exactly what I'd like to focus on within the school of chemistry.</p> <p>My main points include:</p> <ol style="list-style-type: none">1. Enhance the integration and collaboration between the academic societies and the SoC.2. Appointing a "respect officer" for most courses within the SoC.3. Increasing student feedback throughout teaching this academic year due to major changes in teaching.
---	--

Successes from the past month and any Reps Wins	<p>I have portrayed my KPIs successfully to the head of the college, college officer and other school reps who have all approved my ideas and gave some advice on how to go about performing these KPIs in the best possible way.</p> <p>I was also able to successfully set up a Google forms for student feedback within the college which include analytics to help monitor the feedback written.</p>
--	--

Plans for next month	<p>A lot of my KPIs are either not started or have only made a small progression. For the month ahead I will focus on building on my plans and getting in contact with the right people for more of my plans to go ahead as teaching begins.</p> <p>As semester A starts more course reps will be appointed so I want to focus on liaising with them and making them feel as comfortable as possible in their role as possible.</p>
