

Volunteer Officer Report October 2019

Amber Parker-Marshall

What has been worked on in the past month?

In the past month, I have worked on setting up meetings with my committee and members. Through this, we've talked about ideas and campaigns for the year, we recently talked about Reclaim the Night which is coming up soon!

Successes from the past month and any Reps Wins

My members have been getting really involved and coming to meetings. It's really helpful to hear opinions and different points of view which is why I love having a strong group of people around me!

Plans for next month

We are now in the midst of Reclaim the Night planning! After the success of last year, we're all really excited to run it again as it was so positive and made a big impact!
