

Full Name	Holly Armitage
Year of Study	3
Rep Role	School Rep – Sport and Exercise Science
What has been worked on in the past month?	<p>-I have looked at recruiting more course reps due to a current lack of numbers across 1st years and particular courses. I have put together 11 names of students to co-opt into some of the remaining roles to build our rep group within the school.</p> <p>-I chaired my first subject committee meeting and am currently working with my director of teaching and learning to put together an information sheet to relay all of the feedback to students so they can see what was addressed and what the school are working on.</p> <p>-I have also attended a rep forum, senior rep group meeting and academic committee board where I have given many updates of my work over the past month.</p>
Successes from the past month and any Reps Wins	<p>-Lots of feedback is being collated and resolved by a number of reps.</p> <p>-There was a good turnout of reps at the subject committee meeting and all reps were being interactive and involved with helping the module leaders and staff get student perspectives of all the feedback discussed.</p>
Plans for next month	<p>-To put together an information sheet with all feedback discussed at the subject committee meeting to be sent out to students.</p> <p>-Help with the 'Alumni Event' team to make the event a big success for all students.</p> <p>-Work with staff and students on the 'Equity, inclusion and diversity' committee to support them and interact with more students.</p> <p>-Give credit to all staff regarding the time at university since starting back in October.</p> <p>-Get to know any newly co-opted reps and work with them to increase the advertisement and use of coursemate ready for the new year.</p>
