

Volunteer Officer Report December 2019

Jack Eames – School of Life Sciences Rep

What has been worked on in the past month?

Making sure all lecture content, coursework, and feedback is available for the January exams.

Successes from the past month and any Reps Wins

Successful 'monthly moan' where lots of issues were resolved within the school.

Plans for next month

Making sure grades and feedback are available for certain modules on the days that have been set as there was a lot of issues with this last year.
