

Full Name	Callum Roper
Year of Study	2
What has been worked on in the past month?	<p>This is my first month in the role and I've got to work in representing student issues in the community as soon as possible. One of my priorities that I've identified is issues around housing, specifically relating to the Covid-19 Pandemic but also wider housing issues that students have brought up. I've been working with Emma - VP Welfare and Community on this issue as she's already been working hard on this prior to me taking up my position. I'd like to remind you that you can contact me at any time if they have any worries or issues in housing and the wider community.</p> <p>In addition I've been working with some of my fellow officers to identify some events and campaigns that we can put on in the future and looking at how we can still engage and represent students during lockdown. Whatever situation we find ourselves in we will do our utmost to ensure we are representing you.</p>
Successes from the past month and any Reps Wins	<p>As mentioned above, housing is my biggest issue that I've identified and students are concerned about the financial and logistical issues that have arisen out of Covid-19. I am using social media channels to ensure that students have the right information and know where to go if they need help with any problems that may arise.</p>
Plans for next month	<p>Over the next month I will be planning an information campaign around renters rights, so as students we are well informed and can live in the comfort of the knowledge that we know our basic rights as tenants. In addition to this, I am also working alongside colleagues to develop a strategy for 'move out may', whatever form it may take.</p> <p>I will also be developing a number of schemes that I will be hoping to implement over the next academic year. If you have any ideas what the SU can be doing for or in the community do get in touch, I'd love to hear what you have to say.</p>
