
Full Name	Charles Wilson
Year of Study	3
What has been worked on in the past month?	Our main development for November has been setting up our new student EDI committee that is working concurrently with the staff EDI committee. So far we are engaging with students and promoting the committee while collating resources about this month's focus, decolonising the curriculum.
Successes from the past month and any Reps Wins	We are gradually increasing rep numbers and a great effort has been made by students reps to gather feedback about the blended learning approach and identifying any issues.
Plans for next month	Next month we will have our first undergraduate subject committee meeting, so reps are preparing points to raise at the meeting and then discuss these with staff. We will also host our first student EDI committee and will hopefully prepare a report to present to staff about this month's focus.
