| <b>Rep Role</b>  | School Rep – Social and Political Sciences  |
| <b>What has been worked on in the past month?</b>      | The last month we have been working on team building and answering student queries as well as introducing new students to our group of reps. We have also been looking at new proposed modules and making module adjustments to the third year module Psychology in Prisons.  |
| <b>Successes from the past month and any Reps Wins</b> | We have increased the number of reps we have, and had weekly meetings with our student engagement lead which have helped us efficiently answer students queries and concerns. Overall student's seem content in our school at the moment and we think this is partly because our weekly meetings have helped us quickly address issues. This week I won rep of the week and Gary our school engagement lead also won a award for his work as student engagement lead so we're very proud of our current rep system. |
| <b>Plans for next month</b>                            | Next month we plan to help students readjust to the changes to teaching in the end of term 1 and start of term 2. We are discussing different plans we can make such as drop in sessions for students who chose not to attend f2f sessions but would still like to catch up on teaching. We have also discussed ideas around live streaming f2f seminars for those who don't wish to attend or are isolating.   |
