What has been worked on in the past month?	This past month I have worked on keeping communication to all societies open and ensuring that I am responding to enquiries within 24 hours! I have gained great feedback from Societies Hub in regards to how we/the SU can help students during lockdown. I have also had some great conversations regarding updating risk assessments through the online activities bookings meetings.
Successes from the past month and any Reps Wins	Starting the lockdown taskmaster series with the rest of the activities team! Having meetings with societies to help update risk assessments and explain the risks of moving activities online. I have completed the Look After Your Mate Training. I have started discussions surrounding implementing Wellbeing/Welfare Officers (KPI).
Plans for next month	Continue discussions with VPA and VPWC around the implementation of Wellbeing/Welfare Officers. Keep social media up to date. Support societies with any issues they may have during December.
