What has been worked on in the past month?	This month has no doubt been crazy and affecting everyone. This month I've been trying to make sure students feel okay in the current circumstances, making frequent contact with our head of school, to make sure he's okay in this situation too!
Successes from the past month and any Reps Wins	A success in the last month was that we got our dissertation proposal deadline extended by a month! I worked with one of my course reps to raise the issue and it went well.
Plans for next month	Plans for the next month include reassurance for students that everything is going to be okay, but most importantly telling that to myself! I will continue to talking to the head of school and other people that need it.
