Year of Study	3
What has been worked on in the past month?	The International week was supposed to be the biggest event for ISA this year with the help of the VPI. However, with everything moving to online learning during the week it was held, we decided to move whatever event we could online such as the 'Lincoln is my home' campaign. With everything moving to online learning, ISA has decided to ensure the representation of International students is still present by holding online ISA forums and activities.
Successes from the past month and any Reps Wins	ISA held the first online ISA meeting this month.
Plans for next month	Continue to hold online events and activities for ISA members to join. In online forums, ask members of any issues they may have and what we can do to improve our online presence as ISA committee.
