<b>What has been worked on in the past month?</b>	There's been a big push to ensure information had been reaching students regarding both the safety net policy and the changes to term time for next year. Most courses are finished with teaching and assessments for the year within the school so there is little in the way of academic issues.
<b>Successes from the past month and any Reps Wins</b>	There hasn't really been any concern with the safety net or terms times which hopefully indicates that the information has been clear to the majority of students.
<b>Plans for next month</b>	With assessment results starting to come in it will be important to keep an ear out if people have any issues with results particularly considering current circumstances.
