

Full Name	Shazeda Ahmed
Year of Study	3
Rep Role	ISA Officer
What has been worked on in the past month?	<p>In the past month, I have been working on social media output for ISA. Because we could not hold in-person events over Christmas, I wanted to still post things on social media so it can educate international students about Christmas as well as create an interactive community where students can share how they celebrate Christmas in their country,</p> <p>I also supported events that will be happening virtually during the Christmas Break by services on campus so that international students are aware that they will have people to speak too. Many international students stay on campus during Christmas so it is important that they know that there will be events on campus that they can take part in.</p> <p>I have also begun working on promoting the buddy scheme with the ISA buddies lead. We want to get more local students involved so we are in the process of brainstorming how we can promote this scheme.</p>
Successes from the past month and any Reps Wins	<p>We held our last ISA Hub of 2020. Overall, the format of the Hubs this year have been implemented well and we hope to hold more successful Hubs in the new year.</p> <p>ISA released its Christmas video which encourages students to say 'Merry Christmas' in their own language.</p>
Plans for next month	<p>Our plans for next month include holding events for cultural days. For January, I would like to host an event for Holocaust Memorial Day. The ISA Committee believe it is a day that is very important and we would like to bring attention to why this day is recognised around the world.</p> <p>I hope to do more collaborations next year with societies and the other campaign networks in order to encourage international inclusivity on campus.</p>
