

Volunteer Officer Report February 2020

Ben Cattle – School of History & Heritage Rep

What has been worked on in the past month?

We've been discussing issues with deadlines for third-years who are also handling dissertations, sadly changes aren't possible. Planning has been continuing for the festival of creativity. We also had the subject committees which went well and were constructive. We also had our first school action day in several years.

Successes from the past month and any Reps Wins

The school action day and the committees went well, and people seem to have been engaging with NSS based on the T-shirts going around.

Plans for next month

Implementing feedback from the action day and continuing to push NSS to third years.
