
Full Name	Shazeda Ahmed
Year of Study	2
What has been worked on in the past month?	During the month of August, ISA held its first committee meeting where we discussed our plans for the year. Everyone did a great job in taking on their role within the committee and we are really looking forward to taking an active role in the plans we have for the year. The committee has created videos introducing ourselves which will later be used for our social media pages so that students can get to know their ISA committee. Also, I have began the beginning stages of creating our student guide for international students. Through myself and the committee, we want to make sure that this guide is perfect so we are using as much information as we can get.
Successes from the past month and any Reps Wins	I am working with one of the Vice Presidents' on a project that will benefit international students alongside other home students. They have reached out to myself and I am working on making sure that international students are being represented through this project in hopes that they receive the same amount of support that home students receive.
Plans for next month	For the next month, my focus will be on completing the international student guide and getting it back to the Students' Union so that it can be distributed through their platforms. I will have the ISA committee assist me in completing this guide as well as getting feedback from current international students to ensure that this guide is as helpful as possible. I will also start conversations about events and socials we can start planning for when students get back to university in October. These will be Covid-19 friendly events that will reach out to as many international students as possible. I would also like to start the ISA Buddy Scheme in time for October therefore, I will need the support of the Students' Union to help me with sign-ups.
