<b>What has been worked on in the past month?</b>	This past month has been spent working on TDOR; we now have a solid plan of events that range from documentary screenings, static protests and social media campaigns. While these plans are not completely finalised we are now in a good position to submit event applications and begin advertising our events, which will be the first big campaign of the year for the LGBT+ campaigns group. As well as this we have also been working on BHM posts that celebrate black queer people as well as promoting charities that support black queer people. We have also submitted a funding application to buy some more flags for the group which we can use at future events to help represent more people.
<b>Successes from the past month and any Reps Wins</b>	This months we've secured venues for our TDOR events as well as getting licences to screen the documentary Disclosure. Aside from TDOR, this month we've also had a lot of interest from new students from the campaigns fayre. Hopefully, this interest will help to grow our campaigns group.
<b>Plans for next month</b>	Next month we will still be largely focusing on TDOR, with the event taking place between the 16th-20th. We still need to submit official event applications and begin advertising which take up most of the month. After TDOR, I'd like to start thinking of a campaign to recognise World's Aid Day; due to how close this is to TDOR, I don't know how extensive our plans can be, but I'd like for it to be commemorated this year.
