
Full Name	Jacob Ford
Year of Study	2
What has been worked on in the past month?	I have met with staff from the University, as have some committee members, to discuss what they are doing already to greater a greener and more eco-friendly campus and society in Lincoln. We will build on these successes and collaborate as much as possible. We are looking into setting up an Eco-Student Ambassador scheme and lots of volunteer opportunities for students to partake in that they can use for their Lincoln Award or just to get involved.
Successes from the past month and any Reps Wins	Over the last month, I have been working on a Monthly Eco Planner for this academic year that will outline the themes of our campaigns and event for that particular month, e.g. recycling, eco fashion, energy and water saving. Our first committee meeting was highly successful and was a great space to share ideas and put together plans for events and find out any specific areas of interest we wanted to focus.
Plans for next month	I plan to meet with the committee again to finalise the content for the Virtual Fresher's Fayre and taster sessions we may get to put on.
