

Volunteer Officer Report January 2020

Rhys Davies – Societies Officer

What has been worked on in the past month?

The past month has seen myself visiting the refreshers fayre and saying hi to all our new societies! It's amazing that our numbers are rising, but it's going to make societies fayre in September interesting!

Successes from the past month and any Reps Wins

An amazing amount of new societies starting up, and getting lots of feedback which is good too.

Plans for next month

Starting a pilot program for committee feedback, running until April. Will report back on this once the pilot has finished.
