<b>What has been worked on in the past month?</b>	I have continued to work with staff to gather feedback from students. I was also able to create more interest for the revival of DigiPsych and have been working with the team. I have remained in contact with the Student Engagement Lead regarding how we can keep students engaged, while boosting their mental health etc. I have also been in contact with VPE, to discuss KPI plans and how I would go about completing them. I promoted Course Rep elections where possible within the school. I have created a Facebook page for the new Course Reps, so we can stay in contact! Our College Officer was also invited to this group.
<b>Successes from the past month and any Reps Wins</b>	We finally have some Course Reps for Psychology! :) Just waiting for the last results as elections were reopened. Looking forward to working with them all! DigiPsych had its first issue released which was a huge success! Everyone in the team worked really hard and the final version looked fab! Proud of everyone involved!
<b>Plans for next month</b>	I'll continue to relay feedback as needed. I also want to set up a meeting with all my Course Reps, so they can get to know me and each other! I would also like to work with the Student Engagement Lead on creating a Christmas Event before the end of term, to help improve student mental health and engagement (to have a good laugh as well!)
