

Volunteer Officer Report December 2019

Katie Smith - English & Journalism School Rep

What has been worked on in the past month?

In the past month there has been a few minor problems within journalism regarding IT for a few months now. This is ongoing and I have tried contacting many lecturers and IT technicians to get it sorted and nothing has been done. It affected many students when it came to deadline season and yet again, I tried telling tutors but not much had been said.

Successes from the past month and any Reps Wins

A success from the past month would be getting to know all the reps from English side of the school and finding out all their problems within the course, or shall I say very little problems to do with the course. I also finally got access to my reps list.

Plans for next month

My plans for the next month is planning the school action day alongside my student engagement lead and fixing IT if it hasn't already been sorted.
