

Volunteer Officer Report January 2020

Emma Calvert – College of Social Science Officer

What has been worked on in the past month?

As it is the start of the new year I have been meeting with the reps and catching up with them about what they are planning to do this year. I have also attended committees and spoken to the Director of Education regarding events coming up in the college this month. The college is looking to hold a "What does Social Science mean to you?" event which I am inviting the reps to along with their friends to gather feedback.

Successes from the past month and any Reps Wins

The rep team have worked hard with the lecturers and the SU regarding the National Student Survey and I am confident that they will be able to deliver informative briefing lectures to the students.

Plans for next month

Next month I will be attending many more committees and forums which will help shape future goals.
