
Full Name	Angelica Amor Dolotallas Dahil
Year of Study	1
What has been worked on in the past month?	There has not been any changes or activity since the last report. Everything has been going smoothly.
Successes from the past month and any Reps Wins	There has been great communication to deal with concerns raised by students. No major issues have been raised and every medical student are focused on acing the exam tomorrow!
Plans for next month	I am planning to send out another questionnaire for students to fill out on any feedback regarding the final exams, overall academic year experience, what changes can be suggested to improve teaching, etc. I am planning to use Microsoft Forms for this and will be especially useful for my next Learning Committee Forum meeting with the members of staff and course reps.
