

## Volunteer Officer Report November 2018

Alex Bentley – Womens Officer

What has been worked on in the past month?

This month we have been organising the Reclaim The Night March ready for the 30th November and the placard making event on the 26th. We have also been looking at campaigning for donations towards women's sanitary products to donate to the homeless women in Lincoln via the YMCA. We've also been organising a "girls night" (that's open to everyone) for the girls from the Lincoln Girl Gang Facebook group but still haven't got a set date. Lastly, we have been discussing what we want to do for our "No Tolerance" campaign that was want for next term. We've also been working on making the students more aware of the Women's Group and that we are here to support them.

Successes from the past month and any Reps Wins

So far, the Reclaim The Night march has been really well received and at the moment, 250 people are either interested or going on the Facebook event, but we will see in next month's report how well it goes!

Plans for next month

Continue to create links with the YMCA and further discuss in detail as to what is possible for our No Tolerance Campaign and to think of what we could put on in March as part of Women's Month.
