

## University of Lincoln Students' Union Volunteer Officer Report

DATE 25/01/2018

### **NAME OF ROLE Bame Officer**

What has been worked on in the past month:

I have worked on getting my Stop and Search campaign off the ground. I found it quite difficult when deciding what type of resources, I wanted to use. I thought flyers would be good for an introductory to my campaign. I also wanted banner pens but unfortunately they would have not arrived on time but the pens that I did have were amazing and I am so happy with them. I focused on getting all the quotes and getting the cheapest quotes that I could find. I also needed to make sure the information I provided was statistically correct and as current as it could be. I also have been trying to contact the societies that would fall under the same category but unfortunately I haven't had any luck.

Successes from the past month: my stop and search campaign in the freshers fayre. I think we nearly ran out of pens which is amazing as I had ordered 1,000. The pens also have a link to the SU website where it contains all the information that the leaflets have on them. I think the campaign was a success and I am going to be thinking of ways on how to keep the campaign in everyone's mind. (after my deadlines are over of course) I also want to thank Kayleigh and Connor as I would not have been able to do it without them and baggering them about the best pens to use.

Plans for next month:

I think im going to focus on making sure the campaign is still fresh in everyone's minds and try to produce something that people can keep in their wallets. After my deadlines I will look more indepth into this and what method will be the best and most fun.
