

The School of Health and Social Care School Rep March report,

This month I have been working on some issues that students have.

I attended Rep reception with two reps some disappointment that no staff attended.

I attended the work ready skills held by the college of social science. Very successful event.

Made a lot of shout-out the course rep nomination, and the same when voting opened.

Attended the Alzheimer Event.

Arranged a society information event by sending notice to all the courses within the school. Would talk to anyone who would listen. The meeting was successful. We have the start of our society.

Attended rep forum.

Attended programme leader lunch.

Goals for next month,

Continue with getting the society up and running.
