

Volunteer Officer Report March 2019

Luke Kidger – School of Film & Media Rep

What has been worked on in the past month?

This month mainly I attended a student rep tea of which was attended by a good number of reps and our Head of School, it massively overran in duration and was definitely the most productive informal meeting we have ever had, it was a great opportunity for reps to meet the new Head of School but also to discuss some great initiatives related to academic work but also more social and community focused events. I have also been assisting course reps resolve issues within their programme relating to specific modules and members of staff.

Successes from the past month and any Reps Wins

To see such a positive and thorough engagement from reps at the Rep tea compared to previous meetings and also it was great to see reps carefully going about issues, contacting myself and student engagement leads for support, and proactively gathering student opinion to ensure that there was a real issue across the board and not just for one or two students.

Plans for next month

This month I will ensure that I begin preparing for module evaluations and the hand over of my role to a new school rep and also will co-chair my next subject committee and attend the next rep forum.
