

University of Lincoln Students' Union Volunteer Officer Report

DATE 23/02/2018

NAME OF ROLE Bame Officer

What has been worked on in the past month:

I have been looking into how to expand my campaign and to keep it in the minds of everyone. I have been looking at other means of advertisement such as little booklets but I have not come up with any concrete ideas yet. I have also had meeting with Kudz in regards to Black History Month.

Successes from the past month: discussing Black history month more in-depth and understanding the time frame.

Plans for next month:

Decide what methods to use to keep my campaign going.

I think im going to focus on making sure the campaign is still fresh in everyone's minds and try to produce something that people can keep in

their wallets. After my deadlines I will look more indepth into this and what method will be the best and most fun.
