

The School of Health and Social Care School Rep January Report.

As it was the Christmas break I took a break. This week I emailed reps who had not completed their online training. I met with a first-year rep to help with their online training, I have emailed all reps asking for an update on their activities. I have signed posted a student to the SU advice centre. I attend the SRG.

Future plan.

To continue to try and engage across the school.

Have a better ideas of the issues affect students.

Meet and Greet

Walk a thon
