

**Molly Harper**

**Architecture and the Built Environment School Rep**

During this past month, I have been continuing to promote the pull plotter.

Work load has increased throughout years at the minute and so I regret to say I have missed a few meetings this month due to looming deadlines. This I hope will be rectified next month.

A meeting was held to discuss the College of Arts School reps attendance to meetings, and sending their apologies, something which we are all working together to improve.

Moving forward over the next month I hope to work with other school reps within the college of arts in order to improve together, a group chat is made with Tommy present in order to keep in closer contact and to remind each other of when there are meetings. The chat will also be used as a way of keeping everyone in the loop with what we are doing in order to share ideas and move forward as a college.
