

Volunteer Officer Report November 2018

Jessica Hickey – School of Fine and Performing Arts Rep

What has been worked on in the past month?

As my first month as school rep of fine and performing arts I have taken the time to get to know the course reps. We have been attending meetings and contributing to exciting discussions on behalf of the students of LSFPA. A main focus through this month has been TEF reports where we collect data from each course on student experiences at university in regards to teaching.

Successes from the past month and any Reps Wins

We have successfully changed the way the student credit is run in regards to seeing shows at the LPAC. Thanks to drama course reps it has now been put into a pool where students can now access this money for tickets whenever they please. My monthly student rep email has received positive feedback from students and lecturers alike and seems to be going well. This email is just bullet points on information the students may need to hear and also any updates on what the source reps are doing throughout that month. TEF forms feedbacks have all been submitted and within the next few months we will be focusing on these forms a lot more.

Plans for next month Next month

Module evaluations will be a main focus next month as they commence on Monday the 26th which all course reps will be advertising. Continue to attend all meetings. To continue student rep email. For course reps to continue their hard work.
