

## Volunteer Officer Report October 2018

James Bayliss – College of Science Officer

What has been worked on in the past month?

Over the last month I have worked on getting the correct timetable sorted for the college.

Successes from the past month and any Reps Wins

The main success for the past month was getting correct timetable for different streams within different schools. Also I went to lots of rep training sessions which was a good way to meet the rep team for the year.

Plans for next month

Plans for the next month is to attend an academic hub to meet with the academic societies to see how they are getting on and to see if I can support them in any way.
