

UNIVERSITY OF LINCOLN STUDENTS' UNION President Report

This month's report is considerably more concise than normal due to having taken a week's annual to re-run for the role of President of the Students' Union in the Students' Union elections.

It has been an exciting and interesting month for the SU and the university community alike. This month I have focused predominantly on ensuring that individuals who were running in the SU elections felt supported and assured that they could campaign effectively. I was lucky enough to be re-elected for another term as President of the Students' Union. This is a great opportunity to carry on the work that we have established this year and ensure that students are advocated for in the most effective manner.

I have been further working on finalising the plans for our Academic/Welfare campaign (Operation Rosé) to ensure that we can begin to put things in place for the campaign. It will be held over a two-week period in April. The work is still ongoing.

Following the sad news of the death of one of our members, this month also entailed ensuring that the Students' Union offered a support network for students who were mourning the loss of one of their peers. I had the honour of hosting an event in memorial of Gemma Marshall alongside members of the Dance Society. It was a great example of the We Are Lincoln philosophy coming together.

SUGGESTIONS

Thus far this academic year, 100 SUGGESTIONS (at the time of writing) have been put forward by students. This past month I have been working to ensure that we are able to get a quick turnaround of SUGGESTIONS that pass the threshold of votes.
