

VOLUNTEER OFFICER REPORT

LIBS COLLEGE OFFICER

15/12/17

SUCCESS FROM THE PAST MONTH

Successful implementation of an online feedback form for Business and Management course following a 3rd year rep social. ASM allowed potential changes to be made to the QAA proposed degree changes – taking into consideration student voices and opinions with over 100 members attending. Marketing and AFE above 25% in module evaluations and all departments within LIBS being above 10% for responses, dates have been set for the pizza socials for the 1st and 2nd year reps.

WHAT HAS BEEN WORKED ON

Drives have been worked on for both the proposed changes to the Book and Latte and module evaluations, changes to rep socials to enable a feel of more inclusion for PG students and Reps, changes to a few LIBS courses following an Academic Board meeting including how Tourism is graded. Communication of data protection so that students and staff hold the same information minimising any miscommunication or misunderstanding

PLANS FOR NEXT MONTH/NEW YEAR

Consider data from the book and latte survey to decide what changes will be implemented and see if we can apply changes to the DCB atrium to maximise inclusion and use of space- this may be done via merchandise or more branding. Working in Collab with the Business society to increase interest and knowledge of the end of year business ball. Following the B & M survey the plan is to implement it for A & F and then branch out to all schools within LIBS , a greater focal on international and PG reps to fully build a rep community
