

University of Lincoln Students' Union Volunteer Officer Report

DATE 23/3/2018

NAME OF ROLE: LIBS College Officer

What has been worked on in the past month:

- Since coming into the role, I've sat on a few subject committees & panels to further improve my knowledge of the Business School as I believe that if all of my knowledge comes from School Reps that would greatly limit the interaction & connections that I can establish within the Business School itself.
- Prior to this, I've attended several training meetings and got in touch with several key staff members. I've also worked closely with Tommy to discuss any inquiries that I've had on the SU – which (unfortunately for Tommy) was a rather long session.

Successes from the past month:

- Seeing how we did not previously have a Marketing School Rep going forward into next year, I prompted Thomas Marshall into running for the position.
- Getting elected into the College Officer position

Plans for next month:

- If possible, I'd like to meet the rest of my school reps post Easter holidays and thus will host a meeting with them to find out the latest issues in LIBS if there are any.
- I also plan to conduct some research into how students in each school want to be marketed to, which could help the up-and-coming

academic opportunities programs. Which I believe would allow for the SU to have the most desirable reach possible.

- Lastly, I'd like to enable programme leaders within the Marketing School to install a blackboard site for the Marketing School for which I'll need to set up a meeting.
