

UNIVERSITY OF LINCOLN STUDENTS' UNION

Vice President International Report

Social activity – indoor climbing

With the research that we did with international students, international students expected more social activities which they can communicate with each other and team working also built personal skills, I have organised an indoor climbing event and was well received from international students. More social events will be organised e.g. paintballing.

Trip to Manchester

Trip to Manchester was successfully organised on the 10/02/18 with 72 total attendances from international students, students enjoyed visiting China town to celebrate Chinese New year as well as football stadiums and museums, feedback from students were great and they all looking forward to the next trip.

Chinese New Year Tower bar menu

During Chinese New Year week, Tower bar were offering Chinese food menu for all students to celebrate Chinese New Year, feedback from students are good. Also, local students learnt Chinese New Year history by reading articles sent out by us. In the future, we will ensure that we are effectively representing and advocating for all the different demographics we have here at the university, include more nationalities to celebrate Lunar New year.

Also, CSSA (Chinese society) was holding a Chinese New Year gala on the 23rd February with their members and students to celebrate Chinese New Year.

New SUGgestion for international students

From International friend weekly drop in, we had a new Suggestion coming through, some international students mentioned that, when they came to University for compulsory summer pre-English session, University arranged the accommodation for them to stay in the Court, but University currently charging higher fees from them compare to Court's normal price, we have raised the issue to the University and I am currently working to try to lower the accommodation cost for Pre-English session international students.
