

## Officer Report – October 2018

As October comes to a close its time to update you all on what I have been up to this past month. As the month started there was the final few taster sessions happening, and it was so great to see so many people taking part. I have also had the opportunity to drop into several training sessions this month and all teams look like they're developing well. Also, October saw 5 episodes of the We Are Lincoln Lounge filmed, helping to promote all the amazing results and engagements of our sports teams and societies. In addition to the We Are Lincoln Lounge Filming Activity Wars 1.0 happened on 22<sup>nd</sup> October and was a huge success with over 250 people from over 20 sports and societies, really bringing everyone together.

Each Wednesday there have been several BUCS matches happening both at home and away, seeing many of our sports teams gain wins. October 17<sup>th</sup> was a particularly successful week for our teams with 13 teams winning their matches and 2 more drawing. Throughout October we have also had the Cathedral cup happening which again has been a massive success. Lincoln managed to win all of the supporting matches (Badminton, Netball, Women's Futsal, Men's 2nds). October 25<sup>th</sup> saw Men's football 1sts competing in the main trophy event. It was an enthralling battle against Bishop Grosseteste University (BGU) ending 4-3 on penalties to BGU, a very close game and well fought. Congratulations to all sports teams who have taken part in the Cathedral Cup.

Looking forward to next month there are several things happening for everyone to get involved with. We have the This BUCS Girl Can campaign running which targets females involvement in sport while at university for both students and staff through. It aims to encourage and empower them to take part in sport and physical activity during university and beyond. Alongside the This BUCS Girl Can campaign our BUCS games will be continuing, as well as cup matches taking place, good luck to all our sports teams in these upcoming fixtures. There is also another give it a go session happening in November, we are bringing you an Escape Room, more details are to follow so keep an eye open to register interest in the near future.

Finally, on October 30<sup>th</sup> the students union is hosting the Diwali festival of lights celebration, brought to you by the Vice President of International, University of Lincoln Students Union International Students Association and University of Lincoln Students Union.
