

Volunteer Officer Report February 2019

Samuel Busby – Strategy and Enterprise School Rep

What has been worked on in the past month?

This month I have been discussing with the Strategy and Enterprise Head of Department the possibility of implementing a 'Digital / Blended Learning' week.

Successes from the past month and any Reps Wins

I've attended the subject Committee meetings for both postgrad and undergraduates and we've put forward the idea for the potential to get water fountains installed into the DCB and then the potential for attendance awards for students with high attendance.

Plans for next month

I'd like to further talk to David Twigg and Tommy about the potential for a Digital week or blended learning week to be installed as many courses don't have reading weeks and the world is moving digital so this can assist university students to prepare for this.
