

University of Lincoln Students' Union Volunteer Officer Report

24.2.18

Postgraduate Taught officer

What has been worked on in the past month:

This month I attended a PG conference in Birmingham. This was incredibly motivating and insightful and my full report of this can be requested.

I also attended the overall academic committee and the LIBS academic committee as they wanted PG representation. It is great to see PG having a bigger voice throughout the University.

Unfortunately, I could not attend another PG conference in Leeds. However, I sent a PGT rep in my place and I look forward to meeting with my rep soon to discuss this.

I was also voted this month to represent UoL PG at a conference in April which I am thoroughly looking forward to.

Due to a lecture I missed some of the PG rep forum. However, what I did attend was very helpful and highlighted some issues specifically within the school and regarding mental health. Accordingly, I will be meeting with the school-specific PG reps to further discuss the issues and take this forward to the appropriate people.

Successes from the past month:

It was great to hear PG being brought up more often in the academic committees.

The conferences have been very insightful and informative.

Plans for next month:

Meet with the PG reps specific to the issues brought up in PG rep forum.

Meet with VP Welfare about PG mental health.
