

Hello all,

Unfortunately I haven't been up to much yet - as the semester is just kicking off and I've been handling dissertation stuff!

But in week 20 there will be a feedback focus group running. Please please attend if you can. More info on that will be available this week.

I've also been encouraging people to consider running for the school rep role for next year. And begin to think about running for course rep too!

Thanks for being awesome and working hard.

Arden
