

University of Lincoln Students' Union Volunteer Officer Report

DATE: January 2018

NAME OF ROLE: School Rep for Marketing

What has been worked on in the past month:

This month has been a pretty quiet month. I have attended the SRG and the PG Forum which was a success.

Successes from the past month and Rep Wins:

Michael Belovol has nominated himself for this position for 2018 which is brilliant news.

Plans for next month:

Next month I plan to continue with my objective of improving communication and discussing this with course reps to gather their ideas on how this can be done too. I also plan to create a link with the academic societies with the help of the course reps. I also plan to do lecture shout outs with the course reps so that people know the face and name of their representative as I think this is very important and wasn't stressed enough last year. I also want to FINALLY have a course rep meeting as they have all ended up being cancelled.
