

University of Lincoln Students' Union Volunteer Officer Report

DATE

Mature Students Officer

What has been worked on in the past month:

The past month has been a busy one with assignments due in, Christmas looming and exams to prep for. We have had mature student meetings twice a week for those that wish to attend but nothing else due to time constraints.

Successes from the past month:

A few new faces at the mature students meetings and plenty of old faces.

Plans for next month:

To continue to hold weekly meetings to support mature students.
